

NOMADS On a MISSION Active in DIVINE SERVICE

Nomads provides volunteer labor for United Methodist Organizations. Nomads demonstrate God's love through our work and by listening to people with whom we work. We do new construction, remodeling and repairs for churches, children homes, camps, colleges, outreach missions and disaster rebuilding. Team members do maintenance, cleaning, painting, electrical, drywall, sewing, flooring, among other things. With God's help Nomads pretty much to do it all.

Nomads is for people with RV's or campers. We go to the project on our own and meet up with other team members. We work about 6 hours a day, 4 days a week, for 3 weeks. We have 3 days off each week to enjoy the area.

This year Rod and Janie Reeder did 2 projects in Florida. (Nomads is affectionately said to stand for Nice old Methodist avoiding deep snow). Our first project was at ECHO—Educational Concerns for Hunger Organization. We worked with the maintenance staff painting, doing bridge work, sidewalk repair, replacing doors and converting a garage into a laundry/storage room.

new storage in garage

wall replacing old garage door

We also worked at Riverside Camp and Retreat Center doing maintenance work. We refurbished a house on the grounds—inside and out. Lots of cleaning, painting, electrical, fencing, landscaping, screen repair, power washing, trim work and porch repair. Other work done at Riverside included lattice work around other buildings, and fencing.

Fencing

We enjoyed working with the NOMADS from around the country and 1 couple from Canada.
