

2024:

Carpenter's Way Ranch -

This place is part of the GA Children's home. This home is near Cataula, GA and one of 4 or 5 homes in the network. Hurricane Helene had happened and the person who normally supervises the NOMADS was at one of the other homes making emergency repairs. The gentleman who supervised us had us paint for 3 weeks.

Restoration UMC Cottondale, FL 2024

We tiled the lower level of this church. Also removed a stairway to the 2nd floor and covered the hole. We redid the ramp to the lower level and painted the whole lower level.
